FUND A NEED. INSPIRE AND EDUCATE!

Broadway Sacramento's outstanding performing arts and education experiences enrich the lives of children and teens throughout the community. For example, this summer we'll work with local organizations representing underserved children to bring more than 1,000 children and their families to a dress rehearsal of Disney's *Newsies*. Access to the arts is a fundamental need of any community and this is one of many ways to connect with those in and around Sacramento who might not otherwise get to experience the magic of live, professional musical theatre. Your gift will ensure the future of this and other unique education programs offered here in our community.
